

## ADVANTAGE OVERVIEW

*Advantage Rehabilitation Consultants Ltd. is a privately owned vocational rehabilitation and medical case management organization. Our services are utilized by insurers, both auto and health, employers, workers' compensation boards, and lawyers to assist disabled individuals in their recovery to their pre-accident levels of functioning, while containing medical and vocational costs.*

*The role of the case manager is to serve as a liaison between all parties while identifying, addressing, and resolving problems.*

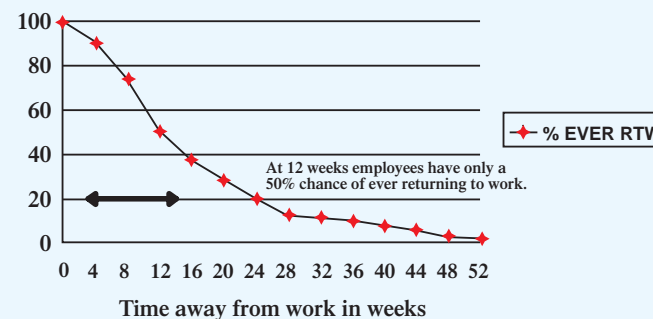

*Recognizing that rehabilitation consulting services are unique to each of their customer bases has enabled Advantage to continue to provide effective account management and customized programs.*

## ADVANTAGE EARLY INDICATORS

*The criteria for the early identification of clients who require case management coordination include:*

- *Expected duration of disability exceeding one month;*
- *Hospitalization greater than one week;*
- *Multiple treatment providers;*
- *Employee 45 years of age or older;*
- *Stress as the medical diagnosis;*
- *Multiple medical diagnoses;*
- *Lack of expected linear progression;*
- *Return to work complications;*
- *Any multiple of the above.*

**Time Is Of The Essence**
